

PNE Fair 2024

As the 2024 PNE Fair is fast approaching, we wanted to take this opportunity to let you all know about a few changes!

AGRODOME:

This year we will not have access to the Agrodome. With the renovation of the Amphitheatre, the Summer Night Concerts will now be held in the Pacific Coliseum thus moving the Super Dog programming into the Agrodome. This leaves us with all programming for 4-H being done in the barns.

SCHEDULE:

Please make sure to review the schedule and locations of where your projects will be showing. The most noticeable change will be Beef/ Dairy and Llama.

MOVE IN / MOVE OUT:

Move in will begin on **Thursday August 15th** starting at 12:00pm. Unloading will occur via the Agrodome Compound (we do not have access to the inside of the Agrodome), Miller Drive and Ag Alley. PNE staff will be present to direct you. You **MUST** wait for a staff member to tell you where you will be unloading.

Move out will be **Monday August 19th**. We do ask that no one begins move out until *after* all auction animals are

loaded. Load out will occur through the Agrodome Compound Via Gate 6, Miller Drive and South end of the barns (Ag Alley). Again, we ask that you wait to be directed by a staff member to where you will be loading out. Please look on page 17 of the prize book for more info.

DORMS:

There will be no dorms this year. RV/camping access with enforced curfew will be available to members. RV/Camping/Off Site wristbands are required to access this area, same as previous years. Please make sure you order the correct color of wristband upon registering.

SPECIAL EVENTS:

We will not be doing the Speak and Show this year, but we are bringing back the special Ed Display with the theme of "Stay Safe". Look on page 46 of the prize book for more information.

TOWNHALL:

We will be hosting a town hall on **Thursday, June 13th @ 6:30pm**. To RSVP and receive the link please email hkonrad@pne.ca

We are looking forward to seeing everyone again – and appreciate everyone's flexibility and understanding with these changes.

The Agriculture Team!
